Dear J. E.;

Enclosed is the letter from Madis on the one of one Thousand marked 73.

I received this last week, but thought you might go to Houston so I held up sending it.

The one of one thousand that was in the collection sold for \$6000.00 I have sold most of the guns in the collection only have two Henrys left a iron frame and an engraved Henry, these won't be hard to sell, but that is all my profit and some of my capital tied up, so I am broke and will really need the \$350. that you promised to send on June 1st. I plan on leaving here on the 3rd. but won't be able to leave until your check arrives as this is all the money I will have to make the trip on. I'm taking \$20,000. in guns with me, but out of cash. I'm gun poor at the moment, so don't let me down as I am depending on you.

Best regards,

Jim Cope
