To Whom it may concern:

I Paul Hurrell formerly  
received to sell one 1873 Winchester  
1 of 1000 rifle with a replaced tang  
with #160237A which was found by  
George Medis in Mexico in the 50's

I first saw the gun at the  
Houston Gun show in the 60s  
when it was sold by Jim Cey to  
a collector in Mississippi. I tried  
to buy it from the Mississippi collector  
for several months and then called him  
yearly until he sold it to me about  
a year ago.

The gun fits all species of  
Serial # 344 in the Wendover 73  
records in Cody Wyo.

The above described gun is sold  
this date to David Furman of Gary  
Maine
