

June 23, 1999

This letter is in regards to the extended research request you made to our office on April 27, 1999.

There were (72) of Winchester Model 1895s with the caliber 38/72, and (20) with the caliber 40/72, both ½ octagon barrels. This would make it a total of (92) Model 1895s, with ½ octagon barrels.

This will confirm the information provided to you in your request to the museum. The foregoing information has been provided at your request as a courtesy. It is an abstract from the original Winchester warehouse ledgers housed in this museum. We make no representations concerning the accuracy of the records, the authenticity of the firearms, values, or its ownership. Our interpretation of the record we believe to be accurate but disclaim any responsibility for errors that may have occurred in our abstract of the record.
